

Nothing but HEAVY DUTY.®
Internship Presentation

Sidney Sykes

Milwaukee Tool

Olive Branch, MS

- Hometown: Marks, MS
- University: University of Mississippi
- Degree: Master of Science In Engineering Science
 - Emphasis/Major: Computer Science
 - Clubs: ACM, IMAGE, NSBE
 - Graduation Date: May 2023
- WMS Intern in Information Technology
- Interest and Hobbies: Cardio Workout, Cooking, Dressing Up, Neighborhood Jog, and Leaves Raking

■ Project:

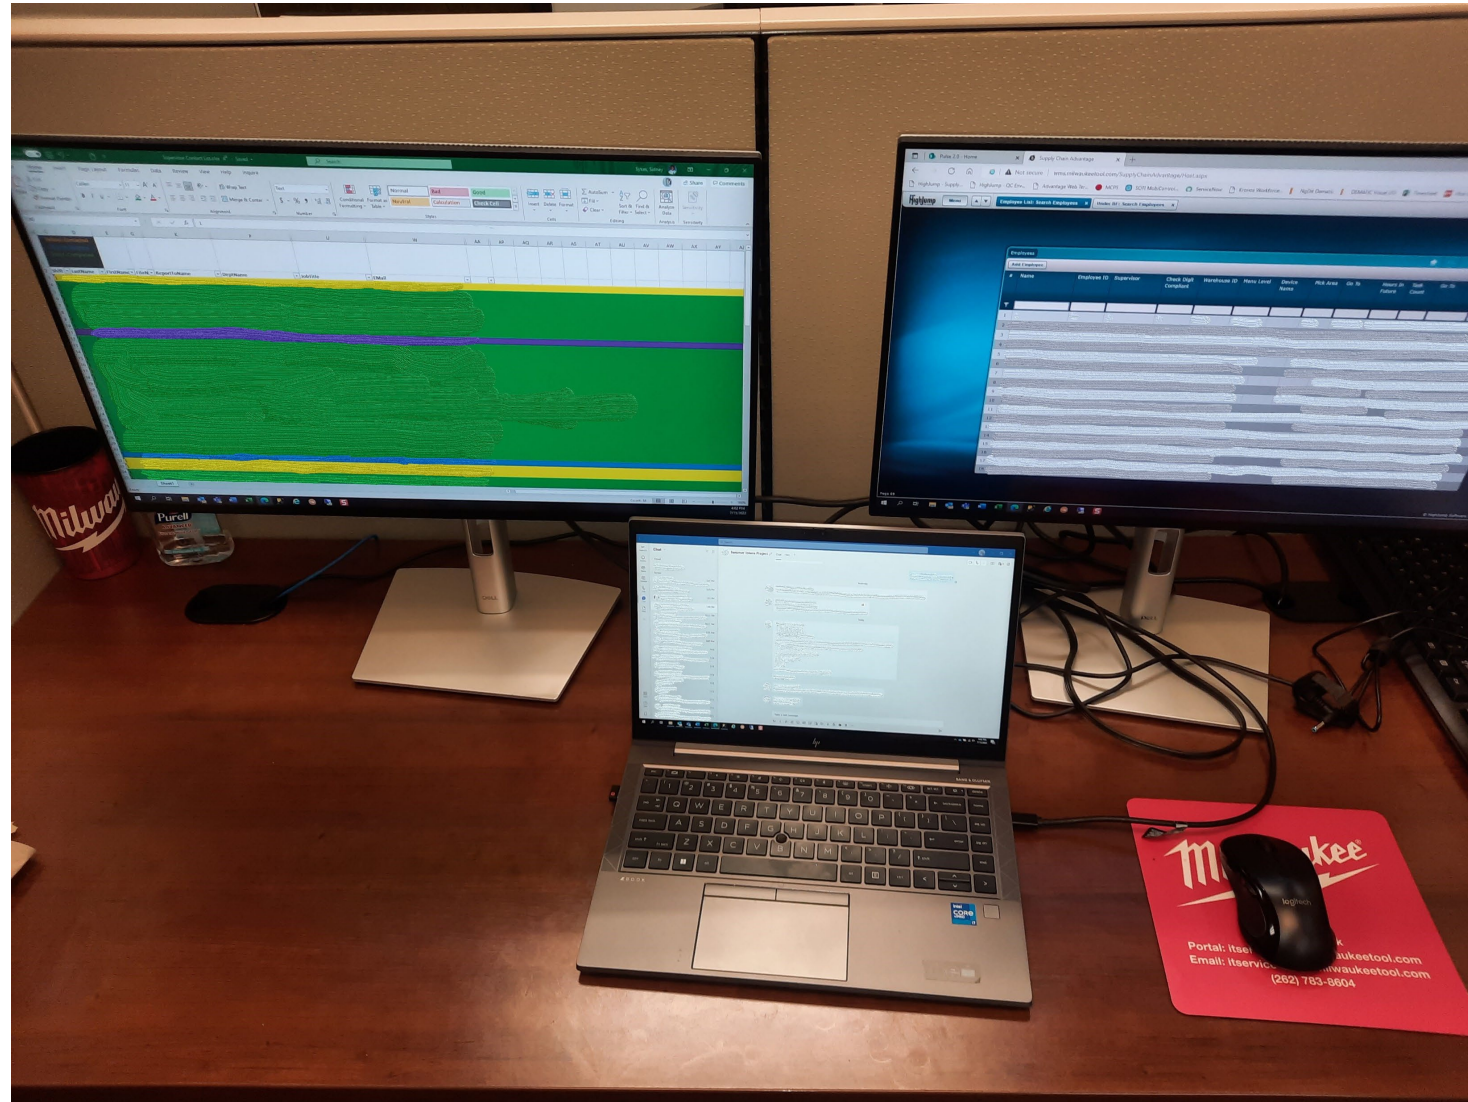

- My team and I are working on a project called the **Employee Master Table Database Cleanup Project**.
- We are removing duplicate data, temp numbers, and incomplete data.
- We are negotiating a consistent stored procedure (job) to ensure that the solution of this problem won't be as manual.

■ Tasks:

- Complete IT tickets to solve technical issues remotely in warehouse devices.
- Using HighJump to check for data accuracy.
- Use Microsoft SQL Server to query through large data.

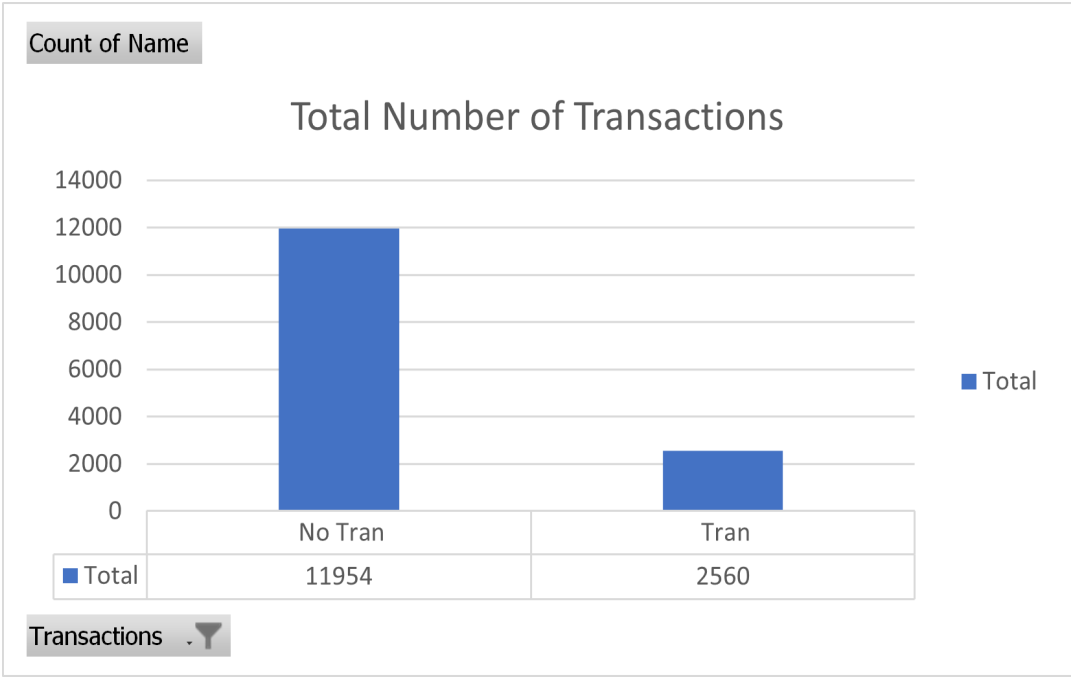

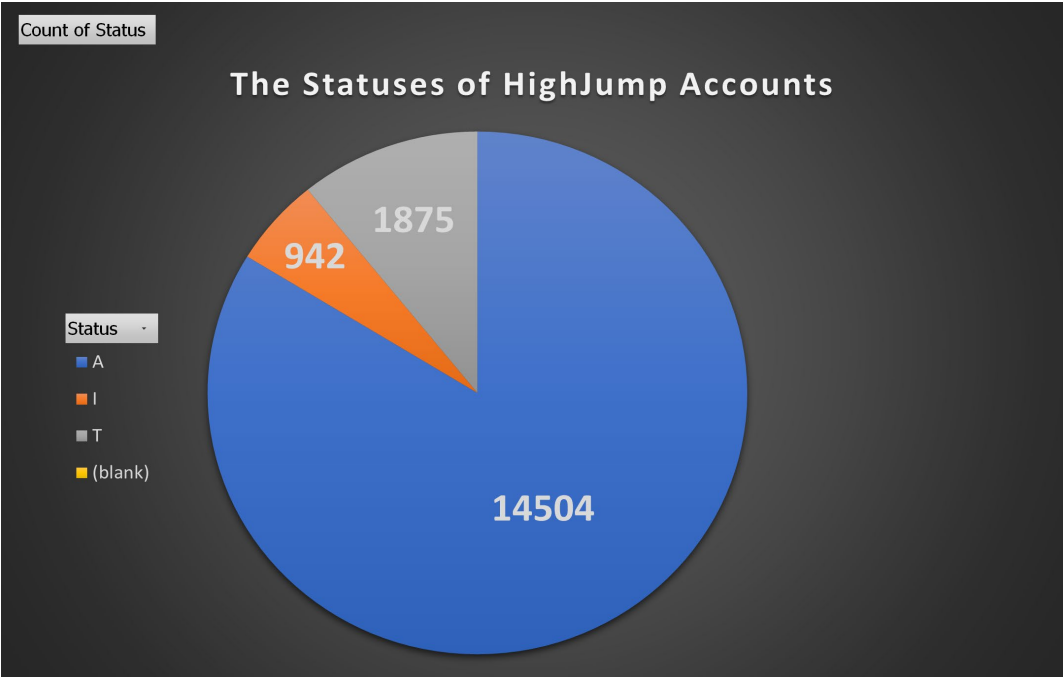

A Typical Day In The Office

Employee Status and Total Number of Transactions In HighJump As of June 2022

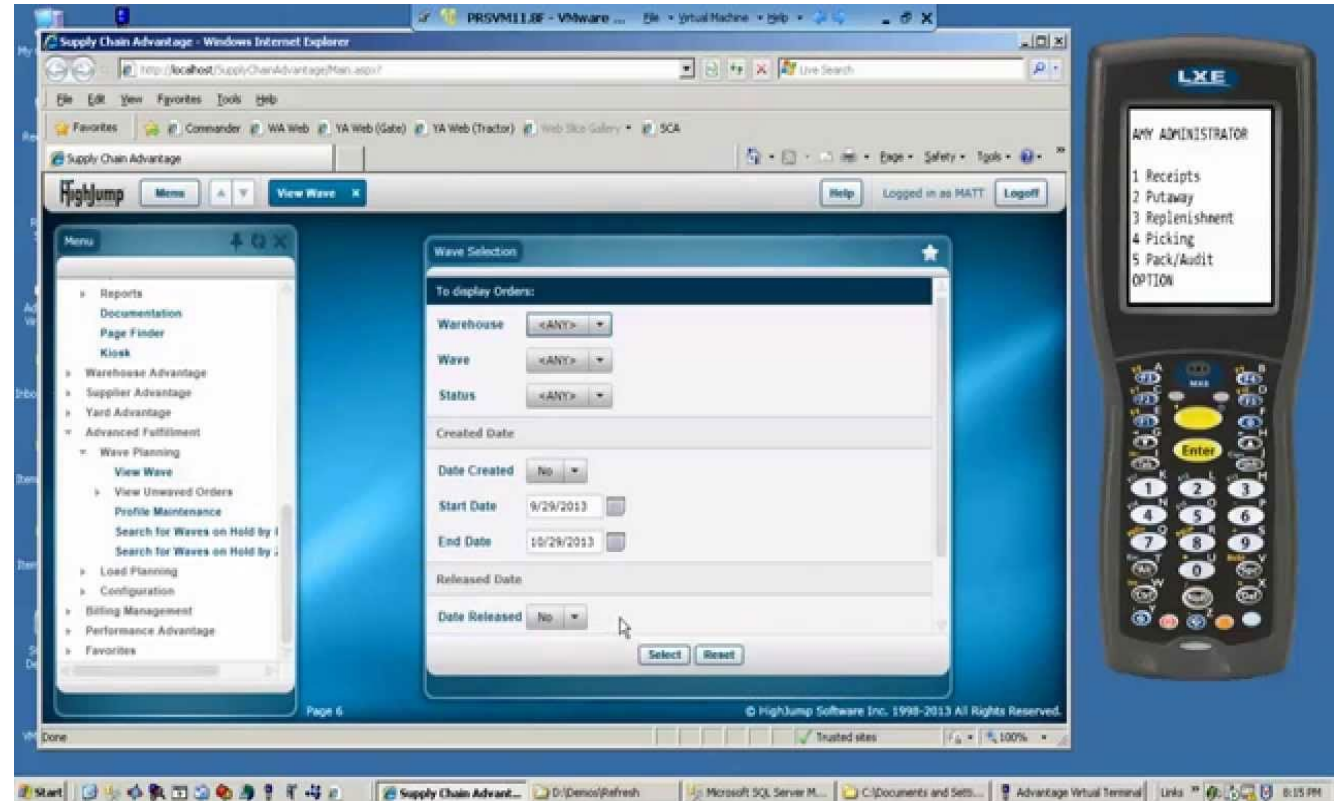

Employees With Temp Numbers As of July 5, 2022

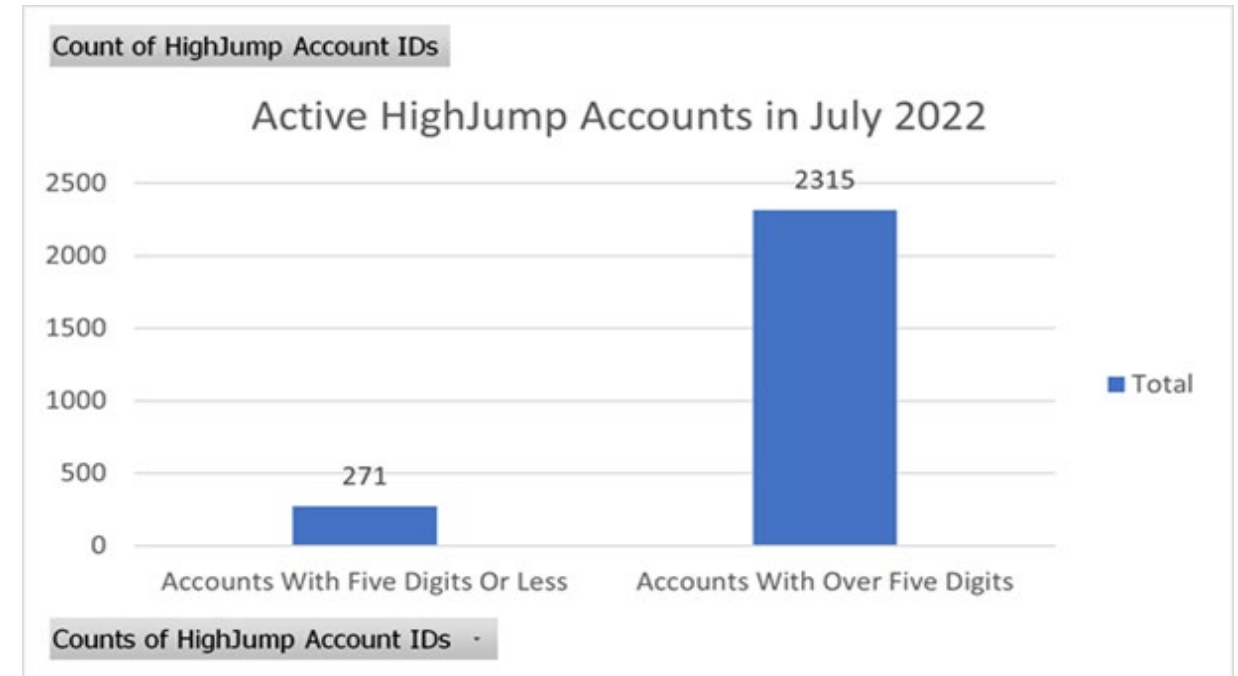

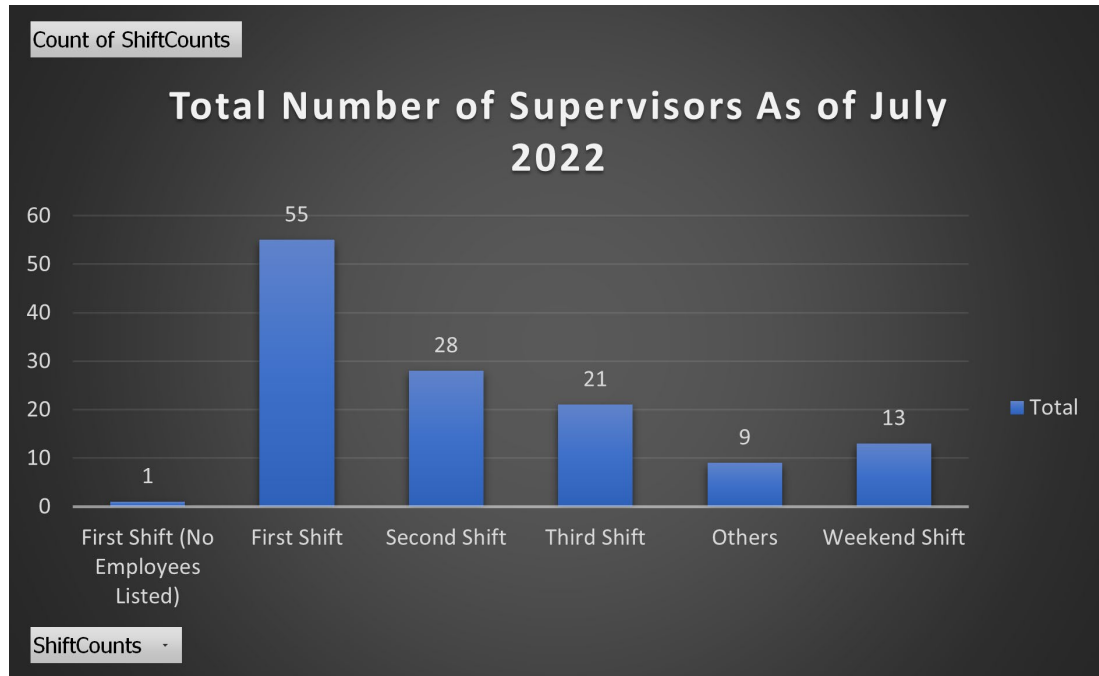

- Organizing Supervisors' Data:
 - Moving Users To Accurate Supervisors
 - Terminating Inactive Employees' Accounts In HighJump
 - Matching Employee's Badge Numbers As ID and Passwords
 - Notifying All Supervisors of Changes As of August 1, 2022

Data Of The Active Users As of July 2022

Key Takeaways

- Empowered and One-Team Mentality
 - Diversity
 - Welcoming Environment
 - Positive Coaching
- Never Settling
 - Strengthening Communication Skills
 - Continuous Teamwork
 - Trust Building
- Risk Management
 - Deadline Delays
 - Data Tracking
 - COVID-19 and Monkeypox Prevention Measures
 - Data Reversion
